

## Cumulative Contents to Volume 26

### Vol. 26, No. 1

Founders of Child Neurology in Japan – Yukio Fukuyama Y. Fukuyama (Japan)	1
<i>Original articles</i>	
Gastrin-releasing peptide receptor (GRPR) locus in Japanese subjects with autism T. Marui, O. Hashimoto, E. Nanba, C. Kato, M. Tochigi, T. Umekage, N. Kato, T. Sasaki (Japan)	5
F-waves in neonates: increased spinal anterior horn motor neuron excitability S. Yasumoto, A. Mitsudome (Japan)	8
2-Methyl-3-hydroxybutyryl-CoA dehydrogenase deficiency: impaired catabolism of isoleucine presenting as neurodegenerative disease J.O. Sass, R. Forstner, W. Sperl (Germany, Austria)	12
Serum nitrite and nitrate levels in epileptic children using valproic acid or carbamazepine H. Karabiber, C. Yakinci, Y. Durmaz, I. Temel, N. Mehmet (Turkey)	15
Prognosis after withdrawal of antiepileptic drugs in childhood-onset cryptogenic localization-related epilepsies H. Ohta, Y. Ohtsuka, T. Tsuda, E. Oka (Japan)	19
Lamotrigine as first-line drug in childhood absence epilepsy: a clinical and neurophysiological study G. Coppola, F. Licciardi, N. Sciscio, F. Russo, M. Carotenuto, A. Pascotto (Italy)	26
Human brain of preterm infants after hypoxic-ischaemic injuries: no evidence of a substantial role for apoptosis by using a fine-tuned ultrasound-guided neuropathological analysis B. Hargitai, V. Szabó, M. Cziniel, J. Hajdú, Z. Papp, B. Szende, C. Sergi (Hungary, UK, Germany)	30
Context-dependent reasoning in a cognitive bias task Part II. SPECT activation study H. Shimoyama, M. Aihara, H. Fukuyama, K. Hashikawa, K. Aoyagi, E. Goldberg, S. Nakazawa (Japan, USA)	37
Hypouricemia in severely disabled children II: influence of elemental enteral nutrition on the serum uric acid levels H. Yoshikawa, S. Yamazaki, T. Abe (Japan)	43
Clinical and neurophysiological characteristics of congenital myasthenic syndromes presenting in early infancy D.I. Zafeiriou, M. Pitt, C. de Sousa (UK)	47
<i>Case reports</i>	
Thalamic lesions in a long-surviving child with spinal muscular atrophy type I: MRI and EEG findings Y. Ito, S. Kumada, A. Uchiyama, K. Saito, M. Osawa, A. Yagishita, K. Kurata, M. Hayashi (Japan)	53
Pyruvate dehydrogenase E1 $\alpha$ subunit deficiency in a female patient: evidence of antenatal origin of brain damage and possible etiology of infantile spasms N. Wada, T. Matsuiishi, M. Nonaka, E. Naito, M. Yoshino (Japan)	57
Pediatric hypothalamic lipoma with hypothermia—case report P. Di Pietro, C. Debbia, M.P. Fondelli (Italy)	61
Unusual side-effects due to clobazam: a case report with genetic study of CYP2C19 A. Parmeggiani, A. Posar, S. Sangiorgi, P. Giovanardi-Rossi (Italy)	63
<i>Announcements and reports</i>	67
<i>Instructions to authors</i>	68

### Vol. 26, No. 2

Founders of Child Neurology in Japan – Shunsuke Ohtahara K. Nihei (Japan)	71
<i>Review article</i>	
Clinical disorders of brain plasticity M.V. Johnston (USA)	73

*Original articles*

The dissociation of perception and cognition in children with early brain damage P. Stiers, E. Vandenbussche (Belgium)	81
Subtle brain dysfunction in treated 6-pyruvoyl-tetrahydropterin synthase deficiency: relationship to motor tasks and neurophysiological tests C.-D. Kao, D.-M. Niu, J.-T. Chen, D.-E. Shan, Y.-Y. Lin, Z.-A. Wu, K.-K. Liao (Taiwan, ROC)	93
Somatosensory evoked potentials in Arnold–Chiari malformation R. Boor, M. Schwarz, B. Goebel, D. Voth (Germany)	99
A study of spike-density on EEG in West syndrome M. Oka, K. Kobayashi, T. Akiyama, T. Ogino, E. Oka (Japan)	105
Post-traumatic syndrome after minor head injury cannot be predicted by neurological investigations R. Korinthenberg, J. Schreck, J. Weser, G. Lehmkuhl (Germany)	113
Motor outcome differences between two groups of children with spastic diplegia who received different intensities of early onset physiotherapy followed for 5 years T. Kanda, F.S. Pidcock, K. Hayakawa, Y. Yamori, Y. Shikata (Japan, USA)	118
Use of developmental language scales in Chinese children Y.L.E. Au, K.M. Ma, W.M. Sy, W.C. Lee, L.S.J. Leung, Y.C. Au Yeung, M.Y. Chu, C.K.J. Chung, P.K. Ho, W.L. Lau, P.K. Law, P.Y. Siu, K.S. Tse, V. Wong (People's Republic of China)	127
Startle epilepsy complicating aspartylglucosaminuria A. Labate, R. Barone, A. Gambardella, D. Civitelli, A. Fiumara, G. Annesi, M. Zappia, L. Pavone, A. Quattrone (Italy)	130

*Case reports*

Right thalamic hemorrhage resulting from high-voltage electrical injury: a case report H. Çaksen, S.A. Yuca, I. Demirtas, D. Odabas, Y. Cesur, A. Demirok (Turkey)	134
Severe congenital factor X deficiency with intracranial bleeding in two siblings B. Ermis, R. Ors, A. Tastekin, F. Orhan (Turkey)	137

*Announcements and reports*

139

*Instructions to authors*

140

*Acknowledgements to Reviewers in 2003*

**Vol. 26, No. 3**

Founders of Child Neurology in Japan – Keiya Tada K. Nihei (Japan)	143
---	-----

*Review article*

The neurology of sign language N. Gordon (UK)	146
--	-----

*Original articles*

Unilateral closed-lip schizencephaly and epilepsy: a comparison with cases of unilateral polymicrogyria R.H. Caraballo, R.O. Cersósimo, N. Fejerman (Argentina)	151
Vagus nerve stimulation for drug-resistant epilepsy in children and young adults S. Buoni, A. Mariottini, S. Pieri, A. Zalaffi, M.A. Farnetani, M. Strambi, L. Palma, A. Fois (Italy)	158
Efficacy of antiepileptic drugs in patients with benign convulsions with mild gastroenteritis A. Okumura, N. Uemura, T. Negoro, K. Watanabe (Japan)	164
Bacterial meningitis in infants: the epidemiology, clinical features, and prognostic factors C.-J. Chang, W.-N. Chang, L.-T. Huang, S.-C. Huang, Y.-C. Chang, P.-L. Hung, C.-H. Lu, C.-S. Chang, B.-C. Cheng, P.-Y. Lee, K.-W. Wang, H.-W. Chang (Taiwan)	168
Hypothermia during kainic acid-induced seizures reduces hippocampal lesions and cerebral nitric oxide production in immature rabbits Y. Takei, Y. Nishikawa, M. Tachibana, T. Takami, T. Miyajima, A. Hoshika, S. Takashima (Japan)	176
Clinical investigation of genetic contributions to childhood-onset epilepsies and epileptic syndromes H. Wakamoto, M. Hayashi, H. Nagao, T. Morimoto, K. Kida (Japan)	184
Over-expression of S100B protein in children with cerebral palsy or delayed development E.S. Park, C.-i. Park, K.S. Choi, I.-H. Choi, J.-S. Shin (Republic of Korea)	190
Influence of the state of alertness on the pattern visual evoked potentials (PVEP) in very young infant M.-S. Roy, J. Gosselin, N. Hanna, J. Orquin, S. Chemtob (Canada)	197

*Case reports*

Wolf-Hirschhorn syndrome with posterior intraorbital coloboma cyst: an unusual case F. Tutunculer, B. Acunas, T. Hicdonmez, A. Deviren, V. Pelitli (Turkey)	203
A case of infantile Alexander disease with a milder phenotype and a novel GFAP mutation, L90P Y. Suzuki, N. Kanazawa, J. Takenaka, A. Okumura, T. Negoro, S. Tsujino (Japan)	206

	559
Another case of cerebro-facio-thoracic dysplasia (Pascual-Castroviejo syndrome) M. Rufo-Campos, P. Riveros-Huckstadt, G. Rodríguez-Criado, R. Hernández-Soto (Spain)	209
<i>Meetings and Reports</i>	I
<i>Instructions to authors</i>	III
 <b>Vol. 26, No. 4</b>	
<i>Review article</i>	
Genes and mutations in human idiopathic epilepsy O.K. Steinlein (Germany)	213
<i>Original articles</i>	
Influence of orthopaedic–technical aid on the kinematics and kinetics of the knee joint of patients with neuro-orthopaedic diseases R. Lampe, J. Mitternacht, S. Schrödl, L. Gerdesmeyer, M. Natrath, R. Gradinger (Germany)	219
Clinical profiles of children with cerebral palsy having lesions of the thalamus, putamen and/or peri-Rolandic area K. Yokochi (Japan)	227
Sleep disturbances in Angelman syndrome: a questionnaire study O. Bruni, R. Ferri, G. D'Agostino, S. Miano, M. Roccella, M. Elia (Italy)	233
Treatment and outcome in patients with febrile convulsion associated with epileptiform discharges on electroencephalography A. Okumura, Y. Ishiguro, A. Sofue, Y. Suzuki, K. Maruyama, T. Kubota, T. Negoro, K. Watanabe (Japan)	241
Increased <i>NPC1</i> mRNA in skin fibroblasts from Niemann-Pick disease type C patients T. Yamamoto, J.-H. Feng, K. Higaki, M. Taniguchi, E. Nanba, H. Ninomiya, K. Ohno (Japan, China, USA)	245
Visual perceptual impairment in children at 5 years of age with perinatal haemorrhagic or ischaemic brain damage in relation to cerebral magnetic resonance imaging B.M. van den Hout, L.S. de Vries, L.C. Meiners, P. Stiers, Y.T. van der Schouw, A. Jennekens-Schinkel, D. Wittebol-Post, D. van der Linde, E. Vandenbussche, O. van Nieuwenhuizen (The Netherlands, Belgium)	251
Clinical and electroencephalographic characteristics of children with febrile seizures plus K. Kobayashi, Y. Ohtsuka, I. Ohmori, Y. Nishio, M. Fujiwara, M. Ito, E. Oka (Japan)	262
<i>Case reports</i>	
A rare complication of generalized edema in juvenile dermatomyositis: a report of one case H. Karabiber, M. Aslan, A. Alkan, C. Yakinci (Turkey)	269
Unusual neurophysiological features in Cockayne's syndrome: a report of two cases as a contribution to diagnosis and classification V. Scaioli, S. D'Arrigo, C. Pantaleoni (Italy)	273
<i>Meeting report</i>	
The 33rd Annual Meeting of the Chugoku-Shikoku Study Group on Infantile Spasms and Allied Disorders, 29 March 2003 (Okayama, Japan) E. Oka (Japan)	281
<i>Meetings and Reports</i>	I
<i>Instructions to authors</i>	II
 <b>Vol. 26, No. 5</b>	
<i>Original articles</i>	
Cerebrospinal fluid and serum vascular endothelial growth factor and nitric oxide levels in newborns with hypoxic ischemic encephalopathy E. Ergenekon, K. Gücüyener, D. Erbaş, S. Aral, E. Koç, Y. Atalay (Turkey)	283
A novel missense mutation of the GTP cyclohydrolase I gene in a Korean family with hereditary progressive dystonia/dopa-responsive dystonia J.-H. Kang, S.-Y. Kang, H.-K. Kang, Y.-S. Koh, J.-H. Im, M.C. Lee (South Korea)	287
Serum neurotrophin concentrations in autism and mental retardation: a pilot study K. Miyazaki, N. Narita, R. Sakuta, T. Miyahara, H. Naruse, N. Okado, M. Narita (Japan)	292
An evaluation of serious neurological disorders following immunization: a comparison of whole-cell pertussis and acellular pertussis vaccines D.A. Geier, M.R. Geier (USA)	296
The metaphor and sarcasm scenario test: a new instrument to help differentiate high functioning pervasive developmental disorder from attention deficit/hyperactivity disorder T. Adachi, T. Koeda, S. Hirabayashi, Y. Maeoka, M. Shiota, E.C. Wright, A. Wada (Japan)	301
Brain macrophages and microglia in human fetal hydrocephalus N. Ulfing, J. Bohl, F. Neudörfer, P. Rezaie (Germany, UK)	307
Cytoarchitectural organization of the parabrachial/Kölliker-Fuse complex in man A.M. Lavezzi, G. Ottaviani, L. Rossi, L. Maturri (Italy)	316
A clinical study of febrile myoclonus in children S. Onoe, T. Nishigaki (Japan)	321

Etiological heterogeneity of familial periventricular heterotopia and hydrocephalus V.L. Sheen, L. Basel-Vanagaite, J.R. Goodman, I.E. Scheffer, A. Bodell, V.S. Ganesh, R. Ravenscroft, R.S. Hill, T.J. Cherry, Y.Y. Shugart, J. Barkovich, R. Straussberg, C.A. Walsh (USA, Israel, Australia)	326
<i>Case reports</i>	
Laryngeal dystonia in a case of severe motor and intellectual disabilities due to Japanese encephalitis sequelae K. Hamano, S. Kumada, M. Hayashi, R. Naito, T. Hayashida, A. Uchiyama, K. Kurata (Japan)	335
Thelarche variant in a girl with Angelman syndrome G. Katzos, P. Triantafyllou, N. Gombakis, C. Sofocleous, D.I. Zafeiriou (Greece)	339
Hematological abnormalities in a patient with a 22q11.2 deletion M. Saito, T. Ishikawa, Y. Ito, H. Shimizu (Japan)	342
<i>Letter to the Editor</i>	
Trial of intraventricular ribavirin therapy for subacute sclerosing panencephalitis in Japan B. Anlar (Turkey)	345
<i>Reply</i>	
Reply to "Trial of intraventricular ribavirin therapy for subacute sclerosing panencephalitis in Japan" A. Tomoda (USA)	346
<i>Corrigendum</i>	
Corrigendum to "Novel nonsense mutation (R149X) in the PMM2 gene in a Japanese patient with congenital disorder of glycosylation type Ia" [Brain Dev. 27 (2003) 525–528] H. Ono, N. Sakura, K. Yamashita, I. Yuasa, K. Ohno (Japan)	347
<i>Meetings and Reports</i>	I
<i>Instructions to authors</i>	III
 <b>Vol. 26, No. 6</b>	
Founders of child neurology in Japan—Masataka Arima M. Arima, K. Nihei (Japan)	349
<i>Review article</i>	
The classification of cortical dysplasias through molecular genetics G.D. Clark (USA)	351
<i>Original articles</i>	
Sphingolipidoses in Turkey H.A. Özkara, M. Topçu (Turkey)	363
Analysis of childhood absence epilepsy using haplotype-based haplotype relative risk and transmission disequilibrium test W. Zhiping, G. Xin, L. Xiaoqing, Z. Yafen (PR China)	367
Melatonin in wake–sleep disorders in children, adolescents and young adults with mental retardation with or without epilepsy: a double-blind, cross-over, placebo-controlled trial G. Coppola, G. Iervolino, M. Mastro Simone, G. La Torre, F. Ruiu, A. Pascotto (Italy)	373
Spontaneous improvement of intractable epileptic seizures following acute viral infections H. Yamamoto, T. Yamano, S. Niijima, J. Kohyama, H. Yamanouchi (Japan)	377
Non-invasive screening of fragile X syndrome A using urine and hair roots K. Suwa, M.Y. Momoi (Japan)	380
Lymphoblastoid cell lines of Rett syndrome patients exposed to oxidative-stress-induced apoptosis C. Battisti, P. Formichi, S.A. Tripodi, I. Meloni, P. Mangiacavalli, M. Zappella, A. Federico (Italy)	384
Postural rhythmic muscle bursting activity in Angelman syndrome B. Dan, G. Chéron (Belgium)	389
Spontaneous recurrent seizure following status epilepticus enhances dentate gyrus neurogenesis B.H. Cha, C. Akman, D.C. Silveira, X. Liu, G.L. Holmes (USA, South Korea)	394
Neuron-specific enolase as a marker of the severity and outcome of hypoxic ischemic encephalopathy C. Çeltik, B. Acunaş, N. Öner, Ö. Pala (Turkey)	398
<i>Case reports</i>	
Ictal MEG in two children with partial seizures H. Yoshinaga, Y. Ohtsuka, Y. Watanabe, M. Inutsuka, Y. Kitamura, K. Kinugasa, E. Oka (Japan)	403
Unusual compulsive motor activity during treatment with clothiapine in a mentally retarded adolescent G. Coppola, E. Morelli, C. Bravaccio, R. Federico, A. Gritti (Italy)	409
Hemiconvulsion–hemiplegia syndrome and primary human herpesvirus 7 infection J.-i. Kawada, H. Kimura, T. Yoshikawa, M. Ihira, A. Okumura, T. Morishima, F. Hayakawa (Japan)	412

*Meeting report*

The Second Workshop on Methylation and Child Neurology—Methylation, Epigenetics and the Nervous System April 20, 2003, Hongo, Tokyo, Japan 415

*Announcements and Reports*

419

*Instructions to authors*

**Vol. 26, No. 7**

Founders of child neurology in Japan—Masaki Suzuki  
M. Kaga, K. Nihei (Japan)

423

*Special Section**Symposium: Developing the Brain*

## Introduction

Y. Konishi (Japan) 425

*Editorial*

Developing the brain – a proposal to pediatricians

Y. Konishi (Japan) 426

*Review articles*

'Nurturing the brain' as an emerging research field involving child neurology

M. Ito (Japan) 429

The concept of 'developing the brain': a new natural science for learning and education

H. Koizumi (Japan) 434

*Mini-Review*

Learning and memorization impairment in childhood chronic fatigue syndrome manifesting as school phobia in Japan

T. Miike, A. Tomoda, T. Jhodoi, N. Iwatani, H. Mabe (Japan) 442

*Regular Section**Original articles*

Theophylline impairs memory/learning in developing mice

M. Hirose, H. Yokoyama, K. Iinuma (Japan) 448

Dichloroacetate treatment for mitochondrial cytopathy: long-term effects in MELAS

M. Mori, T. Yamagata, T. Goto, S. Saito, M.Y. Momoi (Japan) 453

Clinical features of A3243G mitochondrial tRNA mutation

J.H. Chae, H. Hwang, B.C. Lim, H. Il Cheong, Y.S. Hwang, K.J. Kim (South Korea) 459

Gait control in spinal palsy

B. Dan, E. Bouillot, L.D. Mewasingh, C. Devalck, A. Bengoetxea, C. Christophe, G. Chéron (Belgium) 463

Fukutin expression in mouse non-muscle somatic organs: its relationship to the hypoglycosylation of  $\alpha$ -dystroglycan in Fukuyama-type congenital muscular dystrophy

Y. Saito, T. Yamamoto, E. Ohtsuka-Tsurumi, A. Oka, M. Mizuguchi, M. Itoh, T. Voit, Y. Kato, M. Kobayashi, K. Saito, M. Osawa (Japan, Germany) 469

*Discussion*

MELAS and L-arginine therapy

Y. Koga (Japan) 480

*Case reports*

Beneficial effect of L-arginine for stroke-like episode in MELAS

M. Kubota, Y. Sakakihara, M. Mori, T. Yamagata, M. Momoi-Yoshida (Japan) 481

Systemic growth hormone corrects sleep disturbance in Smith–Magenis syndrome

M. Itoh, M. Hayashi, T. Hasegawa, M. Shimohira, J. Kohyama (Japan) 484

Non-epileptic pedaling-like movement induced by triclofos

A. Okumura, T. Kato, F. Hayakawa, K. Watanabe (Japan) 487

Hot water epilepsy and focal malformation of the parietal cortex development

S. Grosso, M.A. Farnetani, S. Francione, P. Galluzzi, G. Vatti, D.M. Cordelli, G. Morgese, P. Balestri (Italy) 490
